HIMAYA FERNANDO

Undergraduate in Information Technology

Himaya Fernando,
Rathnapura Road,
Baduraliya.

Dear Hiring Manager,

I am excited to apply for the Data Science Internship position at your esteemed company. I am currently pursuing my studies in Software Engineering at Sri Lanka Institute of Information Technology (SLIIT) and the University of Sri Jayewardenepura. While I am new to the field of data science, I am deeply enthusiastic about exploring this domain and building a strong foundation through hands-on industry experience.

My academic background has equipped me with fundamental programming skills in Html, CSS, Java Script, Java, Python and R, along with a solid understanding of mathematics and problem-solving, which are essential in data science. I have also worked on university projects such as creating web applications and software systems, which have enhanced my analytical thinking, attention to detail, and teamwork skills.

I am eager to apply my knowledge and, more importantly, learn new tools and techniques in data science, including data analysis, visualization, and machine learning. I am highly motivated to contribute to your team's success while developing practical expertise under the guidance of experienced professionals.

I believe my enthusiasm for learning, adaptability, and determination make me a strong candidate for this internship. I would be thrilled to discuss how I can contribute to your organization and grow as a data science professional.

I can be reached at himayafernando2001@gmail.com or via phone at your convenience. Thank you for considering my application, and I look forward to the opportunity to learn and contribute to your team.

Sincerely,
Himaya Fernando

HIMAYA FERNANDO

Information Technology Intern

ABOUT ME

I am a dedicated web developer with strong expertise in the MERN stack (MongoDB, Express, React, Node.js) and a solid foundation in object-oriented programming. I have hands-on experience in HTML, CSS, JavaScript, and UI/UX design, creating responsive and user-friendly web applications. As an Information Technology undergraduate at SLIIT, I am looking for an internship to enhance my skills and gain hands-on experience in real-world projects.

📍 Rathnapura Road, Baduraliya.

TECHNICAL SKILLS

- MERN stack
- JavaScript
- HTML
- SQL
- PHP
- Kotlin
- CSS
- Java
- Python

SKILLS

- Management Skills
- Creativity
- Leadership
- Hard-working
- Problem solving ability
- Teamwork
- Flexibility

PROJECTS

Peacock Corridor Holiday House Restaurant — July 2024 - Oct 2024
- Technologies - React, Node, Express, MongoDB

E-Channeling Web Application — Aug 2023 - Sept 2023
- Technologies - Java, SQL

To Do app, Task Manager App — July 2024 - Oct 2024
- Technologies - Kotlin, SQLite

Online Auction System — April 2023 - May 2023
- Technologies - HTML, CSS, JS, PHP

EDUCATION

Sri Lanka Institute of Information Technology
BSc (Hons.) in Information Technology Specialization in Information Technology
Sep 2022 - Present

Sri Jayawardhanapura University
BSc General Degree Program in Faculty of Applied science
Subjects :
- Mathematics
- Statics
- Computer Science
May 2023 - Present

C.W.W. Kannangara Central Collage - Matugama
G.C.E. Advanced Level (Physical Science stream)
- Physics - B
- Chemistry - B
- Combined Mathematics - C
2021

Kaburawala National Collage - Baduraliya
G.C.E. Ordinary Level - 7As and 2Bs
2017
